CORE LIGHTING GROUP

LSM-30 SERIES
3.0W LED STRIP INDOOR 12V DC

RevoltLED introduces our 3 WATT indoor series flexible LED Tape Light. The LSM indoor series strip is offered in a low profile design that can be attached almost anywhere. These strips are great for many common indoor applications, and produce a 120° light beam spread. The LSM indoor LED strips are bright eco-friendly, which are available in 3.0W per foot, are dimmable, and have virtually no heat. Once installed you can enjoy your lights without worrying about changing any bulbs with a lifespan of over 50,000 hours! Available in the following colors: warm white, and cool white. UL listed.

Cuttable every 1"
